19. (Unclassified - DFM) LIAISON Called Hal Ford, Senate Select Committee on Intelligence staff, who filled me in on the interest he and Ted Ralston, also of the Committee staff, have in the Soviet space shuttle. Ford had requested a briefing on this subject through [redacted] CSS/NFAC, office. Ford indicated Senator Adlai Stevenson (D., Ill.) is interested in space developments and Ford may want the briefing given to Senator Stevenson personally.

35. (Unclassified - RLB) LEGISLATION Spoke with Pat Norton, on the staff of the Senate Select Committee on Intelligence, to confirm the earlier information provided by Mr. Norton regarding the tentative schedule for hearings on the intelligence charter legislation. Mr. Norton said at this time that the Charters and Guidelines Subcommittee was planning to go ahead and receive testimony starting with Mr. Clark Clifford on 4 April and agreed with me as we had discussed earlier that it would be preferable to have the Administration witnesses, including the DCI, testify after the initial round of public commentary, rather than having an Administration witness testify earlier on the subject of counterintelligence only. Mr. Norton said the Subcommittee would hope to obtain testimony on counterintelligence and constitutional rights relating thereto from non-Government witnesses such as former Attorney General Edward Levi and former Solicitor General Robert Bork.
